

# Velum Brewery

---

Nestled in the South Side of Pittsburgh, Velum is more than just a brewery; it's a welcoming community center committed to brewing exceptional beers, providing a safe and inclusive space, and giving back to our neighbors in the greater Pittsburgh area. In the last year, we have fostered a sense of belonging and support for local causes by hosting events including charity fundraisers, local artist showcases and group meetups. During normal operations, Velum houses two indoor pickleball courts, a full arcade, outdoor covered seating and hosts a permanent food truck, Cold Friends Kitchen.
